Go to Settings to activate Windows

6: then practice (find element, find all element, web scroll, send keys)

Code script provided through a repository.

The screenshot shows a Google search results page for the query "OpenAI". The search bar at the top contains "OpenAI" and the Google logo is on the left. Below the search bar, there are several filters: Login, News, Playground, Chat, Chatbot, Free, Images, Gpt-3, and ChatGPT login. The search results show "About 265,000,000 results (0.32 seconds)". The first result is "OpenAI" with the URL "https://openai.com". Below this, there are several links: "OpenAI", "ChatGPT", "Introducing ChatGPT", "GPT-4", and "Playground". On the right side, there is a knowledge panel for "OpenAI" with the description "Artificial intelligence company" and a link to "openai.com".
